

# BOOT DRYER FORCE

PANEL

100%

## ↓ TECHNOLOGY

### OPENING NOZZLE SYSTEM

Increased efficiency & energy-saving

### TOUCHSCREEN

Communication between the user & the device

### ELECTRONIC CONTROL

Optimisation & operational efficiency

### DRYING EFFICIENCY

Carefully designed systems & selected components

### DISINFECTION SYSTEM

Two proven methods for disinfecting equipment

### PROTECTION SYSTEM

Safety of use

### RUNNING SYSTEM

Space saving, mobile & convenient

### FRAME

Rigid structure, safety of use

### DOUBLE PROTECTION

Durability & protection against corrosion

### FOUR VISUAL LINES

Diverse design of the front panel

## ↓ DETAILS

### STANDARD

### MINIPANEL

### UNIQ

## ↓ STORAGE CAPACITIES

Length	Capacity*	Width	Height	Power** W	Voltage** V
1500	48	800	2250	260/5680	230/3x400
1800	60	800	2250	260/5680	230/3x400
